

FOR IMMEDIATE RELEASE

The Russian Diver Collection

Originally created to honor the 1959 watch commissioned by the Russian Naval Fleet, Invictas Russian Diver demands attention. Striking in size, these models are the very definition of bold. Evolving to accommodate demand, these patented designs include models fit for a womans bidding. Scaling the heights of adventure or arriving for dinner, the Russian Diver is never in doubt and will always be at the ready to fulfill any mission.

FOR IMMEDIATE RELEASE

Invicta Russian Diver Retrograde

The pursuit of timing excellence brings the Invicta Russian Diver Retrograde. Built to command time, dynamic exterior details captivate attention.

Sitting at 52mm, a masterful Professional Swiss Quartz movement with a retrograde function, seamlessly power this Russian Diver. Solid stainless steel case construction, 100m water resistance with a resilient polyurethane and stainless steel fused strap come together for an enduring journey.

Invicta Russian Diver Retrograde
