## The Invicta **Venom Hybrid Reserve:** An innovative merger.

Formidable attributes merge for the ultimate acquisition with the Invicta Venom Hybrid Reserve. Forged from the Venom and Subaqua collections, this Hybrid Reserve is powered with the precision of a Swiss movement.

Executed with bold aspects in design to match the model's inner power, the 62mm Hybrid features the crown and pushers of a Subaqua but the case and bezel of a Venom.

The chronograph model(s) features an incomparable dial- a true testament to engineering and design- luminosity for the evening hours and is water resistant up to an impressive 500 meters.
